# LCD Monitor Holder

## *EFM-100 LCD Monitor Holder*

*Desk clamp*

*Wall mount detail*

*Grommet mount  
with through  
grommet cabling*

### Features:

The EFM-100 series LCD Monitor holder is a sturdy steel arm that is priced far below anything else on the market. With three points of articulation and independent tilting capabilities, along with easy finger tip control, the EFM provides the ultimate flexibility.

The unit comes complete with everything necessary to clamp on to any desk or attach to any wall or vertical surface. Adjustment tools are included for large or small monitors.

### Specifications:

- Finished in classic Textured Black powder coat.
- Conforms with International VESA standards to fit any compliant monitor 75 or 100 mm.
- A full 5" of height adjustment up from 4" off the desk top.
- With dual adjustment arms provided the total reach is 15" from the mounting clamp.
- Full Executech ten year warranty
- Shipped in one carton - 15 lbs.

# Monitor Controller

## EMC - 100 Series Executech Monitor Controllers

Leg Mount  
EMC-101

*Grommet Mount EMC-103 shown above*

The EMC-100 Series Monitor Controller offers the greatest value on the market today. The ability to rotate 360 degrees on two axes enables it to offer incredible flexibility for single or multiple users. Top quality drawer suspension slides allow for full 12½" focal adjustment. The monitor can be adjusted from 3" to 14" above the desk. You have a choice of three different mounting systems: a grommet mount, a leg mount or a wall mount. The EMC-100 series will hold 40+ pounds and installs easily in minutes.

Specifications:

- Fits any desk.
- Full 11" height adjustment, from 3" to 14" above desktop.
- 360 degree rotation on two axes allows multi-users for one terminal or PC.
- Entire unit is contained within the space of a monitor.
- Enables placement of monitor face anywhere in a 48" diameter.
- Sturdy 14" square base with anti-static foam pad.
- 40 lb. weight rating. Holds most monitors up to 17".
- Full ten year warranty.
- EMC-101 Leg Mount requires 1½" lip.
- Easily installed in minutes with supplied hardware.
- Available in three configurations:

\* EMC-101 Leg Mount: shipping weight 21 lbs.  
EMC-102 Wall Mount: shipping weight 18 lbs.  
EMC-103 Grommet Mount: shipping weight 19 lbs.

## CPU Holder/Slant Board

### *CPH-51 Executech Vertical CPU Holder*

Convert existing furniture into ergonomic work stations for the computer. Avoid the cost of new furniture and the office space it may require. Articulating monitor controllers and keyboard arms plus CPU holders take the computer off the work surface, freeing the work space and bringing the components to you in an ergonomically correct position.

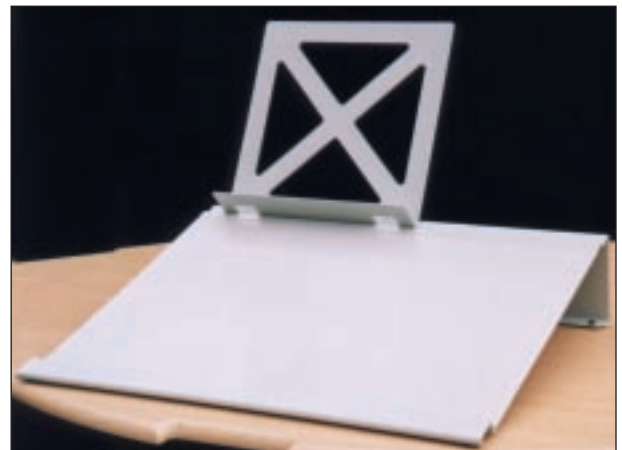

Specifications:

- Sturdy steel construction.
- Adjusts in size to hold CPU's from 3½" to 7½" in height and 15" to 24" in width.
- Attaches under the work surface to hold computer conveniently off the floor.
- Comes completely assembled.
- Shipping weight 8 lbs.
- Available in black.

### *ESB-100 Slant Board/Writing table*

The ESB-100 is the finest light weight document holder and writing surface sold. A folkstone gray Arborite laminate delivers a smooth, yet durable writing surface. Large rubber feet, ensure a movement free environment combined with desk protection. The unit accommodates anything from single sheets to large binders. The top book rest can be used in several different positions across the top ledge or removed altogether. The top ledge doubles as a pencil tray.

Specifications:

- Actual writing surface 23½" wide by 15" high. Unit is 4½" high
- Full Executech ten year warranty
- Tough powder coat finish Folkstone Gray.
- Constructed out of high strength Aluminum.
- By bringing the work a full 15 degrees closer to the user, the ESB-100 helps relieve neck and shoulder pain and allows the operator to get the necessary back support from his/her chair.
- Shipped individually: 9 lbs.

# Keyboard Arm

## EKA-200 Series Executech Keyboard Arms

The EKA -200 Keyboard Arm enables the user to align the keyboard with the monitor regardless of where the monitor is placed. It allows the user to get the keyboard into the lap, so the arms can stay back and close to the body. The entire mechanism stores out of the way when not in use and is easily installed in minutes with supplied hardware. When used with Executech's ERP-300 Reverse Angle Palm Rest, the EKA Keyboard Arm offers the operator greater comfort than other devices.

### Specifications:

- Fits any desk.
- Full 8" height adjustment.
- Place keyboard anywhere within 36" radius.
- Unit stores away under desk when not in use.
- Sturdy steel construction.
- EKA-203 Extended tray for mouse is 10" x 27"
- EKA-205 Deluxe Bundle, includes professional EWP-2000 gel set
- EKA-206 Model 203 with side mount option.
- EKA-208 sidemount includes professional EWP-2000 gel set
- Ten year warranty.
- Attractive pricing fits all budgets.
